NOTES TO THE INTERIM FINANCIAL REPORT**A EXPLANATORY NOTES PURSUANT TO FRS 134****A1 Basis of preparation**

The interim financial statements are unaudited and have been prepared in accordance with the reporting requirements of Financial Reporting Standards (“FRS”) 134: “Interim Financial Reporting” issued by the Malaysian Accounting Standards Board (“MASB”) and Paragraph 9.22 Main Market Listing Requirements of the Bursa Malaysia Securities Berhad (“Bursa”).

The interim financial statement should be read in conjunction with the audited financial statements for the financial year ended 30 June 2010. The explanatory notes attached to the interim financial statements provide an explanation of events and transactions that are significant to an understanding of the changes in the financial position and performance of the Group since the financial year ended 30 June 2010.

A2 Changes in accounting policies

The significant accounting policies adopted in the unaudited interim financial statements are consistent with those of the audited financial statements for the financial year ended 30 June 2010 except for the adoption of the following new FRSs, IC Interpretations and Amendments to FRSs issued by the MASB that are effective for the Group’s financial statements commencing 1 July 2010:-

A2.1 Adoption of FRSs, Amendments to FRSs and IC Interpretations

On 1 July 2010, the Group adopted the following:

FRS 1	First-time Adoption of Financial Reporting Standards
FRS 3	Business Combinations
FRS 7	Financial Instruments : Disclosures
FRS 101	Presentation of Financial Statements
FRS 127	Consolidated and Separate Financial Statements

IC Interpretation 17	Distributions of Non-cash Assets to Owners

INTERIM FINANCIAL REPORT

A EXPLANATORY NOTES PURSUANT TO FRS 134 – CONT'D

A2.2 Application of FRSs

The principal effects of the changes in presentation, changes in methods of computation and in accounting policies resulting from the adoption of the new FRSs, IC Interpretations and Amendments to FRSs are set out below:

a) FRS 101: Presentation of Financial Statements

Prior to the adoption of the revised FRS 101, the components of the financial statements presented consisted of a balance sheet, an income statement, a statement of changes in equity, a cash flow statement and notes to the financial statements. With the adoption of the revised FRS 101, the components of the interim financial statements presented consist of a statement of financial position, an income statement, a statement of comprehensive income, a statement of changes in equity, a statement of cash flows and notes to the financial statements.

FRS 101 separates owner and non-owner changes in equity. Therefore, the current consolidated statement of changes in equity only includes detail of transactions with owners. All non-owner changes in equity are presented as a single line labelled as total comprehensive income. Comparative information had been re-presented so that it is also in conformity with the revised standard. This standard does not have any impact on the financial position and results of the Group.

b) FRS 139: Financial Instruments – Recognition and Measurement

FRS 139 sets out the new requirements for the recognition and measurement of the Group's financial instruments. Financial instruments are recorded initially at fair value. Subsequent measurement of the financial instruments in the statement of financial position reflects the designation of the financial instruments. The Group determines the classification at initial recognition and for the purpose of the first adoption of the standard, as at transitional date on 1 July 2010.

Financial assets

Under FRS 139, financial assets are classified as financial assets at Fair Value Through Profit or Loss, Loans and Receivables, or Held-To-Maturity investments, or Available-For-Sale financial assets, as appropriate.

The Group's financial assets include cash and deposits with licensed banks, loans and receivables, and other investments.

i) Loans and receivables

Prior to 1 July 2010, loans and receivables were stated at gross receivables less allowance for doubtful debts. Under FRS 139, loans and receivables are initially measured at fair value and subsequently at amortised cost using the effective interest method. Gains and losses arising from derecognition of the loans and receivables, amortisation under the effective interest method and impairment losses are recognised in the income statement.

ii) Other investments

Prior to 1 July 2010, other investments consist of unquoted equity investments and club membership of the Group. These investments are stated at cost less allowance for diminution in value. Under FRS 139, unquoted equity investments are initially measured at fair value plus transaction cost and subsequently measured at cost less impairment. Club membership is not within the scope of FRS 139 and now reclassified as other assets in the statement of financial position.

INTERIM FINANCIAL REPORT

A EXPLANATORY NOTES PURSUANT TO FRS 134 – CONT'D

A2.2 Application of FRSs (cont'd)

b) FRS 139: Financial Instruments – Recognition and Measurement (cont'd)

Financial liabilities

Under FRS 139, financial liabilities are classified as financial liabilities at Fair Value Through Profit or Loss, or Other Financial Liabilities, as appropriate.

The Group's financial liabilities include trade and other payables, and borrowings, and are carried at amortised cost.

Derivative

Prior to the adoption of FRS 139, financial derivatives were recognised on their settlement dates. Outstanding derivatives at the balance sheet date were not recognised. With the adoption of FRS 139, derivatives are recognised at contract dates when, and only when, the Group becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities designated as hedged items and hedging financial derivatives are accounted for using the specified hedge accounting requirements of FRS 139.

Impact on opening balances

In accordance with the transitional provisions for first time adoption of FRS 139, the above changes in accounting policy have been accounted for prospectively and the comparatives are not restated. The effects arising from the adoption of FRS 139 on balances as at 1 July 2010 are as follow:

	Before effects of adopting FRS 139 RM'000	Effect of adopting FRS 139 RM'000	After effects of adopting FRS 139 RM'000
Assets			
Other investments	2,430	(349)	2,081
Other asset	–	349	349
Trade and other receivables	290,406	206	290,612
Liabilities			
Trade and other payables	287,077	233	287,310
Equity			
Retained profits	293,393	(27)	293,366

The adoption of FRS 139 does not have any significant impact on the profit for the financial year.

Other than the application of FRS 101 and FRS 139, the application of the above FRSs, Amendments to FRSs and IC Interpretations did not result in any significant changes in the accounting policies and presentation of the financial results of the Group.

INTERIM FINANCIAL REPORT**A EXPLANATORY NOTES PURSUANT TO FRS 134 – CONT'D****A11 Material events subsequent to the end of the interim period**

There were no material events subsequent to the current financial year ended 30 June 2011 and up to the date of this report, which is likely to substantially affect the profits of the Group.

A12 Changes in the composition of the Group

- i) In March 2011, the Group subscribed 500,000 ordinary shares of RM1 each, representing 100% equity interest of Dialog Pengerang Sdn Bhd ("DPSB"). DPSB acquired the entire shareholdings of Pengerang Terminals Sdn Bhd ("PTSB") comprising 2 ordinary shares of RM1 each at par. Subsequently, the paid up capital of PTSB was increased to RM500,000 comprising of 500,000 ordinary shares.

In March 2011, PTSB also acquired the entire shareholdings of Pengerang Independent Terminals Sdn Bhd, comprising 2 ordinary shares of RM1 each at par.

INTERIM FINANCIAL REPORT

B. EXPLANATORY NOTES PURSUANT TO APPENDIX 9B OF THE LISTING REQUIREMENTS OF BURSA MALAYSIA SECURITIES BERHAD

B1 Review of performance

The Group closed its Financial Year 2011 with a revenue growth of 6% to RM1.2 billion and a record profit after tax of RM160.1 million, up by 28%, as compared to RM124.7 million last year.

As for the current reporting quarter, the revenue and net profit after tax of RM374.9 million and RM47.2 million was 38% and 45% higher respectively when compared to same quarter last year.

The results of all divisions for current financial year outperformed the previous year, in particular the Engineering & Construction and Plant Maintenance services, both in Malaysia and overseas.

In addition, the commencement of operation by Langsat Terminal (One) Sdn Bhd in Tanjung Langsat, Johor in September 2009 for its phase 1 and in April 2010 for its phase 2, together with the acquisition of Fitzroy Engineering Group Limited in April 2011 had contributed positively to the Group's financial results in the current financial year.

B2 Variation of results against preceding quarter

The Group's revenue for the current quarter of RM374.9 million and profit before tax of RM60.5 million increased by 24% and 17% respectively, against the preceding quarter. The better result was mainly attributable to higher profit contribution from Engineering & Construction activities in Malaysia.

B3 Prospects

Being an integrated specialist technical services provider to the oil, gas and petrochemical industry, the Group will continue to grow its core businesses with recurring income, such as, its Specialist Products and Services, and Plant Maintenance Services while at the same time focusing resources on growing the Group's tank terminal and supply base businesses.

The first phase of the Pengerang Independent Deepwater Terminal Project which comprised of an initial storage capacity of approximately 1.3 million cubic meters ("cbm") is progressing on schedule and expected to be commissioned in 2014. This storage capacity is capable of being expanded by an additional 1 million cbm in the future within its 1st phase. This independent deepwater petroleum terminal will provide storage, blending and distribution services for oil products and will be capable of handling ultra large crude oil carriers.

The third phase of Langsat Terminal (One) with a capacity of 76,000 cbm and Langsat Terminal (Two) with a capacity of 171,000 cbm will be completed in August 2011 and December 2011 respectively. Discussions are on-going to expand the storage capacity in Tanjung Langsat, Johor by another 380,000 cbm under Langsat Terminal (Three).

The Group together with international partners are presently tendering for upstream oil and gas prospects in Malaysia.

The Group will continue to strengthen its presence in existing markets while penetrating new ones. In line with the growing opportunities in the oil and gas business, the Group will continue to focus on developing and growing its human capital and talent pool to cater for its rapid expansion.

Barring any unforeseen circumstances, the Group is optimistic that its performance will be favourable for the financial year ending 30 June 2012.

INTERIM FINANCIAL REPORT

B. EXPLANATORY NOTES PURSUANT TO APPENDIX 9B OF THE LISTING REQUIREMENTS OF BURSA MALAYSIA SECURITIES BERHAD – CONT'D**B4 Profit forecast and profit guarantee**

The Group did not announce any profit forecast nor profit guarantee for the current financial year.

B5 Taxation

	3 months ended 30/06/2011 RM'000	12 months ended 30/06/2011 RM'000
Current tax	17,018	45,821
Deferred tax	(3,947)	(5,608)
Under provision in prior year	197	169
Total tax expense	<u>13,268</u>	<u>40,382</u>

The effective tax rate of the Group for the current quarter and current year are lower than the statutory tax rate of 25% due to lower tax rates in certain foreign jurisdictions.

B6 Unquoted investment and properties

During the financial year, the Group's subsidiary company, Tempo Setara Sdn. Bhd., disposed off a piece of leasehold land in Pekan Bukit Kepayang, Negeri Sembilan for a total consideration of RM5,297,297. The Group registered a gain of RM333,005 from the disposal of said leasehold land.

There were no other disposals of unquoted investment and/or properties during the current financial year.

B7 Quoted securities

There were neither purchases nor disposal of quoted securities during the current financial year.

B8 Status of corporate proposals

In July 2011, the Group has proposed to acquire a 51% equity interest in Anewa Engineering Private Limited ("Anewa"), India, for Indian Rupees 117.1 million (approximate to RM 7.9 million).

Anewa is an outsourcing company which provides engineering design to customers, mainly multinational companies in India, Middle East and South East Asia in the oil, gas and petrochemical industry. Anewa employs approximately 120 employees.

The proposed acquisition is expected to be completed by end of August 2011.

There were no other corporate proposals announced but not completed as at the date of this announcement.
