PART A: SHARE BUY-BACK STATEMENT IN RELATION TO THE PROPOSED RENEWAL OF SHARE BUY-BACK AUTHORITY

1. INTRODUCTION

The shareholders of DIALOG had, at the 22nd AGM of the Company held on 24 November 2010, approved the renewal of the authority to enable the Company to purchase up to ten percent (10%) of its own issued and paid-up ordinary share capital. The said renewal became effective immediately upon its approval by shareholders at the last AGM of the Company and shall expire at the conclusion of the forthcoming 23rd AGM of the Company, unless renewed by shareholders.

On 18 August 2011, the Company announced that it proposes to undertake the following:-

- (i) a renounceable rights issue of up to 398,736,680 new Shares (“Rights Shares”) together with up to 199,368,340 free detachable warrants (“Warrants”) at a price to be determined later on the basis of two (2) Rights Shares together with one (1) free Warrant for every ten (10) existing Shares held in DIALOG at an entitlement date to be determined later, based on a minimum subscription level of 280,000,000 Rights Shares together with 140,000,000 free Warrants (“Proposed Rights Issue with Warrants”); and
- (ii) increase in the authorised share capital of DIALOG from RM250,000,000 comprising 2,500,000,000 Shares to RM500,000,000 comprising 5,000,000,000 Shares and in consequence thereof, the Company’s Memorandum of Association be amended accordingly (“Proposed Increase in the Authorised Share Capital”).

(collectively to be referred to as the “Proposals”). Details of the Proposals are set out in the Circular to Shareholders in relation to the Proposals dated 28 October 2011.

On 8 September 2011, the Company announced that it proposes to seek its shareholders’ approval for the Proposed Renewal of Share Buy-Back Authority at the 23rd AGM to be convened on 24 November 2011.

The purpose of this Share Buy-Back Statement is to provide you with the relevant information on the Proposed Renewal of Share Buy-Back Authority and to seek your approval for the ordinary resolution pertaining to the Proposed Renewal of Share Buy-Back Authority to be tabled as a Special Business at the forthcoming AGM of the Company to be convened on 24 November 2011.

SHAREHOLDERS ARE ADVISED TO READ THE CONTENTS OF THIS SHARE BUY-BACK STATEMENT CAREFULLY BEFORE VOTING ON THE RESOLUTION PERTAINING TO THE PROPOSED RENEWAL OF SHARE BUY-BACK AUTHORITY.

2. DETAILS OF THE PROPOSED RENEWAL OF SHARE BUY-BACK AUTHORITY

- 2.1 The Company proposes to seek from its shareholders a renewal of the authority to purchase up to ten percent (10%) of its own issued and paid-up ordinary shares on Bursa Malaysia at any point in time during the authorised period, subject to compliance with the provision of the Act, the Listing Requirements and/or any other relevant authorities.

The authority from shareholders for the Proposed Renewal of Share Buy-Back Authority will be effective immediately upon the passing of the ordinary resolution pertaining to the Proposed Renewal of Share Buy-Back Authority at the forthcoming AGM until the conclusion of the next AGM of the Company or the expiry of the period within which the next AGM is required by law to be held, unless earlier revoked or varied by ordinary resolution of the shareholders of the Company in a general meeting.

- 2.2 Paragraph 12.10(1) of the Listing Requirements stipulates that purchases of own shares must be made wholly out of retained profits and/or share premium account of the listed corporation. The Board proposes to allocate an amount of up to the retained profits and share premium account of the Company for the purchase of its own ordinary shares, subject to compliance with Section 67A of the Act and any Prevailing Laws, including compliance with the twenty-five percent (25%) public shareholding spread as required by the Listing Requirements. The retained profits and share premium account of the Company were RM146,084,000 and RM21,468,000 respectively based on the latest audited financial statements as at 30 June 2011.

- 2.3 Section 67A of the Act allows the Company to cancel the purchased Shares or to hold the purchased Shares as treasury shares or a combination of both. The purchased Shares held as treasury shares may either be distributed to the shareholders of the Company as share dividends, resold on Bursa Malaysia in accordance with the relevant rules of Bursa Malaysia, or subsequently cancelled. The decision whether to retain the purchased Shares and/or to resell the treasury shares and/or to distribute them as share dividends and/or to cancel them will be made by the Board at the appropriate time. The distribution of treasury shares as share dividends may be applied as a reduction of the retained profits and/or share premium account of the Company subject to applicable Prevailing Laws.

In the event that the Company ceases to hold all or part of the purchased Shares as a result of the above, the Company may further purchase such additional number of Shares provided that the total purchased Shares (including Shares held as treasury shares then) does not exceed 10% of its total issued and paid-up share capital at the time of such purchase.

While the purchased Shares are held as treasury shares, the rights attached to them as to voting, dividends and participation in any other distributions or otherwise are suspended and the treasury shares shall not be taken into account in calculating the number of percentage of shares or of a class of shares in the Company for any purposes including substantial shareholding, take-overs, notices, the requisitioning of meetings, the quorum for a meeting and the result of a vote on a resolution at a meeting.

- 2.4 Pursuant to the provisions of Paragraph 12.17 of the Listing Requirements, the Company may only purchase its own Shares at a price which is not more than fifteen percent (15%) above the WAMP of Shares for the past five (5) Market Days immediately preceding the date of the purchase.

Pursuant to the provisions of Paragraph 12.18 of the Listing Requirements, the Company may only resell the purchased Shares held as treasury shares at a price which is:-

- a) not less than the WAMP of Shares for the past five (5) Market Days immediately preceding the date of resale; or
- b) not more than five percent (5%) discount to the WAMP of Shares for the past five (5) Market Days immediately prior to the resale provided that:-
 - (i) the resale takes place not earlier than 30 days from the date of purchase; and
 - (ii) the resale price is not less than the cost of purchase of the Shares being sold.

2.5 The Proposed Renewal of Share Buy-Back Authority will allow the Board to exercise the power of the Company to purchase its own Shares at any time within the above-mentioned time period using the internal funds of the Company and/or external borrowings. The amount of internally generated funds and/or external borrowings to be utilised will only be determined later depending on the availability of funds, actual number of Shares to be purchased and other cost factors. The actual number of Shares to be purchased depends upon the market conditions and sentiments on Bursa Malaysia as well as the retained profits and share premium account and financial resources available to the Company. The treatment of the purchased Shares held as treasury shares, either distributed as share dividends or resold by the Company on Bursa Malaysia, or both, will in turn depend on the availability of, amongst others, retained profits and share premium account of the Company.

In the event the Company purchases its own Shares using external borrowings, the Board will ensure that the Company has sufficient funds to repay the external borrowings and that the repayment would not have any material effect on the cash flow of DIALOG Group.

3. RATIONALE FOR THE PROPOSED RENEWAL OF SHARE BUY-BACK AUTHORITY

The Proposed Renewal of Share Buy-Back Authority, if implemented, is expected to benefit the Company and its shareholders as follows:-

- (i) The Group is able to utilise its surplus financial resources which is not immediately required for other uses to purchase its own Shares from the market. This may stabilise the supply and demand of DIALOG Shares traded on Bursa Malaysia and thereby support the fundamental value of DIALOG Shares;
- (ii) Irrespective of whether DIALOG Shares purchased are retained as treasury shares or are subsequently cancelled, the earnings per share of DIALOG may be strengthened, and if so, shareholders of DIALOG may enjoy an increase in the value of their investment in the Company; and
- (iii) The DIALOG Shares purchased can be kept as treasury shares and resold on Bursa Malaysia at a higher price with the intention of realising potential capital gains without affecting the total issued and paid-up ordinary share capital. Should any treasury shares be distributed as share dividends, this would serve to reward the shareholders of the Company.

The Company has implemented a share buy-back scheme since 2005. Under the share buy-back scheme, the Company has distributed treasury shares to shareholders as share dividends for the financial years ended 30 June 2006 and 30 June 2009. The Company intends to continue to distribute share dividends to its shareholders in the future.

4. POTENTIAL ADVANTAGES AND DISADVANTAGES OF THE PROPOSED RENEWAL OF SHARE BUY-BACK AUTHORITY

The financial resources of the Company may increase if the purchased Shares held as treasury shares are resold at prices higher than their purchase price. Other potential advantages of the Proposed Renewal of Share Buy-Back Authority are as outlined in Section 3 above.

The potential disadvantages of the Proposed Renewal of Share Buy-Back Authority, if implemented, are as follows:-

- (i) The Proposed Renewal of Share Buy-Back Authority may reduce the financial resources of the Company, and thereby may result in the Company foregoing future investment opportunities, or deprive the Company of interest income that can be derived from funds utilised for the Proposed Renewal of Share Buy-Back Authority; and
- (ii) The Proposed Renewal of Share Buy-Back Authority may reduce the amount of resources available for distribution to the shareholders of the Company in the form of cash dividends as funds are utilised to purchase its own Shares.

Nevertheless, the Board will be mindful of the interest of the Company and its shareholders in undertaking the Proposed Renewal of Share-Buy Back Authority.

5. EFFECTS OF THE PROPOSED RENEWAL OF SHARE BUY-BACK AUTHORITY

The effects of the Proposed Renewal of Share Buy Back Authority are based on the following assumptions:-

(i) Scenario 1

Assuming that all of the 20,154,040 Employees' Share Option Scheme ("ESOS") options of the Company which are exercisable as at the LPD are exercised into new Shares, all of the 398,736,680 Rights Shares issued pursuant to the Proposed Rights Issue with Warrants are subscribed in full and all of the 199,368,340 Warrants issued pursuant to the Proposed Rights Issue with Warrants are exercised in full, prior to the Company purchasing its own shares representing approximately ten percent (10%) of its issued and paid-up ordinary share capital and such Shares purchased are cancelled or alternatively be retained as treasury shares or both.

(ii) Scenario 2

Assuming that none of the ESOS options of the Company which are exercisable as at the LPD are exercised into new Shares, the Proposed Rights Issue with Warrants is undertaken on a Minimum Subscription Level of 280,000,000 Rights Shares and the 140,000,000 Warrants undertaken are exercised in full, prior to the Company purchasing its own shares representing approximately ten percent (10%) of its issued and paid-up ordinary share capital and such Shares purchased are cancelled or alternatively be retained as treasury shares or both.

5.1 Share Capital

The effects of the Proposed Rights Issue with Warrants (which are, inter-alia, the subject matter of the Circular to Shareholders in relation to the Proposals dated 28 October 2011) have been included herein for illustration purpose only.

In the event that all the Shares purchased are cancelled, the full implementation of the Proposed Renewal of Share Buy-Back Authority will result in the issued and paid-up ordinary share capital of the Company being reduced as follows:-

	Scenario 1 No. of Shares	Scenario 2 No. of Shares
Issued and paid-up ordinary share capital as at the LPD	1,996,364,333	1,996,364,333
Exercise of ESOS options	20,154,040	-
	<hr/> 2,016,518,373	<hr/> 1,996,364,333
To be issued pursuant to the Proposed Rights Issue with Warrants	398,736,680	280,000,000
After the Proposed Rights Issue with Warrants	<hr/> 2,415,255,053	<hr/> 2,276,364,333
To be issued assuming full exercise of Warrants	199,368,340	140,000,000
Enlarged issued and paid-up ordinary share capital	<hr/> 2,614,623,393	<hr/> 2,416,364,333
Maximum number of DIALOG Shares that may be purchased pursuant to the Proposed Renewal of Share Buy-Back Authority[^]	<hr/> 261,462,339	<hr/> 241,636,433
Share capital after cancellation of Shares bought back	<hr/> 2,353,161,054	<hr/> 2,174,727,900

However, if the Shares so purchased are retained as treasury shares and subsequently re-sold and/or distributed to DIALOG shareholders, the implementation of the Proposed Renewal of Share-Buy Back Authority will not have any effect on the issued and paid-up ordinary share capital of the Company.

[^] Including a total of 22,834,971 treasury shares held by the Company as at LPD.

5.2 Directors' and Substantial Shareholders' Shareholdings

The effects of the Proposed Rights Issue with Warrants (which are, inter-alia, the subject matter of the Circular to Shareholders in relation to the Proposals dated 28 October 2011) have been included herein for illustration purpose only.

The effects of the full implementation of the Proposed Renewal of Share Buy-Back Authority on the directors' and substantial shareholders' shareholdings based on the Registers of Directors' Shareholdings and Substantial Shareholders' Shareholdings, respectively as at the LPD are as follows:

5.3 Net Assets

If the Shares purchased are retained as treasury shares, the NA of DIALOG Group would decrease by the purchase cost of the treasury shares because the treasury shares are required to be carried at cost and be deducted from equity. If the treasury shares are subsequently cancelled or distributed as share dividends, there will be no additional effect on the NA of DIALOG Group.

The purchase of DIALOG Shares that are retained as treasury shares and/or cancelled and/or distributed as share dividends will reduce the NA per share of DIALOG Group if the purchase price of such shares exceeds the NA per share of DIALOG Group, and vice versa.

If the treasury shares are resold on Bursa Malaysia, it will increase the NA per share of DIALOG Group if DIALOG realises a capital gain from such resale, and vice versa.

5.4 Working Capital

The implementation of the Proposed Renewal of Share Buy-Back Authority will reduce the working capital of DIALOG Group, the quantum of which depends on, amongst others, the number of Shares eventually purchased and the purchase price of those Shares.

For Shares so purchased which are retained as treasury shares, the working capital of the Company will increase upon its resale. In this respect, the quantum of the increase in working capital depends on the actual selling price of the treasury shares and the number of treasury shares sold.

5.5 Earnings

The effects of the Proposed Renewal of Share Buy-Back Authority on the earnings per share of the DIALOG Group will depend on the purchase price of Shares and the effective funding cost or loss in interest income to the Group, whilst the purchase of Shares will result in a lower number of shares being taken into account for purposes of earnings per share computation.

5.6 Public Shareholding Spread

The existing public shareholding spread of the Company as at the LPD and the resulting public shareholding spread of the Company, assuming the Company purchases ten percent (10%) of its own issued and paid-up ordinary share capital, are as follows:

	As at the LPD	After the Proposed Renewal of Share Buy- Back Authority	
		Scenario 1	Scenario 2
Public Shareholding Spread	52.6%	46.9%	43.0%

The Board is mindful of the requirement to maintain the public shareholding spread of at least twenty-five percent (25%) and will continue to be mindful of the requirement when making purchases of any Shares pursuant to the Proposed Renewal of Share Buy-Back Authority.

5.7 Dividends

Assuming the Proposed Renewal of Share-Buy Back Authority is implemented in full and the dividend quantum is maintained at historical levels, the Proposed Renewal of Share Buy-Back Authority will have the effect of increasing the dividend rate of the Company as a result of the suspension of the rights of treasury shares to dividend entitlement or the reduction in the issued and paid-up ordinary share capital of the Company in the event of the treasury shares being cancelled.

For the financial year ended 30 June 2011, the Company declared the following dividends:-

- Interim single-tier cash dividend of 13% per Share amounting to RM25,643,130 paid on 20 June 2011.
- Proposed final single-tier cash dividend of 18% per Share, amounting to approximately RM35,524,000 recommended by the Directors for the shareholders' approvals at the forthcoming 23rd AGM of the Company.

6. IMPLICATION OF THE CODE

The Proposed Renewal of Share Buy-Back Authority is not expected to trigger any obligation to undertake a mandatory general offer under the Code as a result of its full implementation.

7. APPROVALS REQUIRED

The Proposed Renewal of Share Buy-Back Authority is conditional upon the approval from the shareholders of DIALOG at the forthcoming 23rd AGM.

8. PURCHASE, RESALE AND CANCELLATION OF SHARES MADE IN THE FINANCIAL YEAR ENDED 30 JUNE 2011

For the financial year ended 30 June 2011, the Company purchased a total of 4,488,300 Shares from the open market for RM5,431,252 at an average cost of RM1.21 per Share. As at 30 June 2011, DIALOG held a total of 22,744,971 treasury shares.

There was neither any resale nor any cancellation of treasury shares by the Company in the financial year ended 30 June 2011. Further information on the purchase of Shares by the Company is set out in the "Schedule of Share Buy-Back" on page 41 of Annual Report 2011.

As at LPD, DIALOG held a total of 22,834,971 treasury shares at an average cost of RM1.087 per Share.

9. DIRECTORS' AND SUBSTANTIAL SHAREHOLDERS' INTERESTS

Save for the inadvertent increase in percentage of shareholding and/or voting rights of shareholders of the Company as a result of the Proposed Renewal of Share Buy-Back Authority, none of the directors, substantial shareholders of DIALOG and/or persons connected to them have any interest, direct or indirect, in the Proposed Renewal of Share Buy-Back Authority.

10. DIRECTORS' RECOMMENDATION

After careful consideration, the Board is of the opinion that the Proposed Renewal of Share Buy-Back Authority is in the best interest of the Company. Accordingly, the Board recommends that you vote in favour of the ordinary resolution on the Proposed Renewal of Share Buy-Back Authority to be tabled at the forthcoming 23rd AGM.

On 8 September 2011, the Board had announced that it proposes to seek its shareholders' approval for renewal of shareholders' mandate for recurrent related party transactions and new shareholders' mandate for additional recurrent related party transaction of a revenue or trading nature.

SHAREHOLDERS ARE ADVISED TO READ THE CONTENTS OF THIS CIRCULAR TOGETHER WITH THE APPENDICES CAREFULLY BEFORE VOTING ON THE RESOLUTION PERTAINING TO THE PROPOSED SHAREHOLDERS' MANDATE.

2. THE PROPOSED SHAREHOLDERS' MANDATE

2.1 Details of the Proposed Shareholders' Mandate

Under Paragraph 10.09 (2), Part E, Chapter 10 of the Listing Requirements, the Company may seek a shareholders' mandate in respect of related party transactions involving RRPT of a revenue or trading nature which are necessary for its day-to-day operations subject to the following:-

The actual transacted value may vary from the estimates shown above.

Disclosure will be made in the 2012 Annual Report of the Company on the breakdown of the actual value of the transactions made pursuant to the Proposed Shareholders' Mandate during the financial year.

2.6 REVIEW PROCEDURES AND PROCESSES FOR THE RRPT

DIALOG has established guidelines, procedures and processes to ensure RRPT are entered into on an arm's length basis and on normal commercial terms consistent with DIALOG Group's operating policies, which are not more favourable to the Related Parties than those obtained from third party or the public and are not to the detriment of the interests of the minority shareholders.

DIALOG has set up the following procedures and processes for the review and approval of RRPT:-

A) Limits of Authority

The approving authority practiced by DIALOG Group in relation to RRPT is that all RRPT will be reviewed and approved by the Group Management Committee.

B) Monitoring of RRPT

- (i) A list of Related Parties is established and made available to the finance managers and accountants of each business division and subsidiary of DIALOG Group, who shall monitor and put in place process to record and report on all RRPT for compilation and reporting to group finance.
- (ii) Process and procedures are in place to ensure that RRPT are entered into after taking into account the pricing and contract rates, terms and conditions, level of services and expertise required, health, safety and environment standard ("HSE"), strength of research and development, quality of products and services provided by/to the Related Parties as compared to prevailing market prices and rates, industry norms and standard as well as general practices by the service providers of similar capacities and capability generally available in the open market.
- (iii) The tendering process, where applicable, to ensure competitive bidding principle is observed in the procurement of most goods and services. These include the setting up of a tender committee and having at least 2 other contemporaneous transactions with unrelated parties for similar products or services to be used as comparison, where possible, and sufficient number of suppliers to bid to determine whether the price and terms offered to/by the related parties are fair and reasonable and comparable to those offered to/by other unrelated third parties for the same or substantially similar type of products/services and/or quantities. In the event that quotation or comparative pricing from unrelated parties cannot be obtained (for instance, if there are no unrelated party vendors/customers of similar products or services, or if the product/service is a proprietary item), the transaction price will be determined in accordance with the Group's usual business practices and policies, consistent with the usual margin of DIALOG Group for the same or substantially similar type of transaction made by the Group with unrelated third party and ensure that the RRPT is not detrimental to DIALOG Group.

- (iv) Related party transactions are subject to review and approval by the Board. Details of the transacting parties, particulars of the Related Parties and the terms of the transactions must be furnished to the Board.
- (v) Proper records will be maintained for all RRPT which are entered pursuant to the proposal and details of the RRPT will be disclosed in the annual report in accordance with the applicable approved accounting standards and relevant regulations.
- (vi) Part of the Terms of Reference of the Audit Committee is to review any related party transaction and conflict of interest situation that may arise within the DIALOG Group, including any transaction, procedure or course of conduct that raises questions of management integrity.
- (vii) DIALOG Group's annual internal audit plan has incorporated a review of the record in respect of the related party transactions entered into during the year and the procedures properly adhered to.
- (viii) All members of the Board, Audit Committee and the Group Management Committee who are directly or indirectly, interested in any transaction shall declare their interest in the transaction and abstain from deliberations and voting in respect of the related party transactions.
- (ix) Any member of the Audit Committee may, as he deems fit, request for additional information pertaining to related party transactions from independent sources or advisers, including the obtaining of valuations from professional valuers.

2.7 STATEMENT FROM AUDIT COMMITTEE

The Audit Committee has seen and reviewed the procedures and processes mentioned in Section 2.6 above and is satisfied that DIALOG Group has in place adequate procedures to monitor, track, and identify RRPT in a timely and orderly manner, and frequency of review of these procedures and processes are made from time to time at least annually to ensure that the RRPT are:

- i) carried out on terms not more favourable to the Related Parties than those generally available to the public, and
- ii) not to the detriment of the minority shareholders.

3. RATIONALE AND BENEFITS OF THE PROPOSED SHAREHOLDERS' MANDATE

The rationale and the benefits of the Proposed Shareholders' Mandate for the RRPT, which are detailed in Section 2.5 above, are as follows:

- (i) The Proposed Shareholders' Mandate will facilitate recurrent transactions with Related Parties in the ordinary course of business of DIALOG Group which are undertaken on an arm's length basis, on terms no more favourable to the Related Parties than those generally available to the public and are not detrimental to minority shareholders;
- (ii) The Proposed Shareholders' Mandate will enhance DIALOG Group's ability to pursue business opportunities, in particular those that are time-sensitive in nature;
- (iii) The Proposed Shareholders' Mandate, which is to be renewed annually, will eliminate the requirement by the Company to make regular announcements and convene separate general meetings from time to time for the entry of RRPT. This would substantially reduce the time and expenses, and allow resources to be channelled towards achieving corporate objectives; and

- (iv) The RRPTs will enhance DIALOG Group's competitiveness, competence and leadership position in the oil, gas and petrochemical industry, whereby DIALOG Group taps into the expertise and resources of its respective joint venture companies which are subsidiaries of DIALOG, except for ePetrol Holding, ePetrol Silverswitch and CHREL, the details of which are further explained in Section 2.5 above.

4. EFFECTS OF THE PROPOSED SHAREHOLDERS' MANDATE

The Proposed Shareholders' Mandate will not have any material effect on the issued and paid-up share capital, Directors' and Substantial shareholders' shareholdings, earnings, net assets and working capital of DIALOG Group.

5. APPROVALS REQUIRED

The Proposed Shareholders' Mandate is subject to the approval being obtained from the shareholders of the Company at the forthcoming 23rd AGM.
